Subject Index

Acacia senegal
Presowing treatments, Germination, 15
Altitude
Yield stability, Sweet potato, 43
Aluminium toxicity
Efficiency ratios, Rice cultivars, 211
Ascochyta rabiei
Fungitoxic management, 101
Azospirillum brasilense
Phosphate-solubilizing bacteria, Sorghum, 347

Banana
Mango, Colour changes, 161
Banana bunchy top virus
Monoclonal antibody, 397
Blue-green algae
Pesticides, Rice fields, 362
Boran cattle
Plasma cortisol, Diurnal rhythm, 39
Breed
Zebu bulls, Sperm reserves, 243
Broilers
Cassava peel meal, Gari, 273
Browse
Tannin, Saponin, Goats, 176
Buffalo
Growth curves, Weight estimation, 239

Caribbean agriculture
Extension organizations, 5
Cassava peel meal
Gari, Broilers, 273
Cassava variety
Quality, Gari, 386
Catharanthus roseus
Resistance, Soil, Solarization, 217
Cattle, indigenous
Reproduction, Ethiopia, 247
Chamomile
Essential-oil yield, Nitrogen, 290
Chemical evaluation
Exotic grain amaranth, West Africa, 106
Citrus
Root activity, Flushing, 306
Citrus scions
Cleopatra mandarin, Planting arrangements, 207
Cleopatra mandarin
Citrus scions, Planting arrangements, 207
Clover
Wheat, Undersowing, 68
Cloves
Mulching, Shade crops, 365
Nursery practices, Mulching, 374
Colour changes
Mango, Banana, 161
Continuous cropping
Heavy clay soil, Tillage/no tillage, 111
Cooking banana
Storage, Modified atmosphere, 263
Cotton
Resistance, Whitefly, 119
Cowpea
Handling, Storage, 197
Crop rotation
Glomus versiforme, *Sorghum bicolor*, 323
Cropping sequences
Rice yield, Fertilizers, 96
Cropping system
Weed management, Peruvian Amazon, 250
Cultural values
Snail utilization, Traditional medicine, 88
Cutting height
Nitrogen fertilization, Maiwa pearl millet, Semi-arid region, 11
Cuttings
Phytolacca dodecandra, Endod, 301

Dadap
Mulches, Grass, 83
Dairy cows
Prediction equations, Feed intake, 58
Deep-stacked
Poultry excreta, Ensiling, 49
Diagnostic Recommendation and Integrated System
Papaya, Mineral nutrition, 63
Diethyl carbamazine citrate
Stephanofilarial dermatitis, 2
Dioscorea rotundata
White Guinea yam, Minisetts, 78
Diurnal rhythm
Plasma cortisol, Boran cattle, 39
Double-cropping
Wheat straw yield, Irrigated wheat, 186

Early leaf spot
Groundnut, Resistance, 284
Early maturity
Maize, Recurrent selection, 29
Economics
Yam flour, Production, 51
Efficiency ratios
Aluminium toxicity, Rice cultivars, 211
Endod
Phytolacca dodecandra, Cuttings, 301
Endomycorrhizae
Mycorrhizal dependency, Fumigation, 279
Ensiling
Poultry excreta, Deep-stacked, 49
Essential-oil yield
Chamomile, Nitrogen, 290
Ethiopia
Reproduction, Indigenous cattle, 247
Reproduction, Indigenous cattle, 327
Exotic grain amaranth
West Africa, Chemical evaluation, 106
Extension organizations
Caribbean agriculture, 5

Feed intake
Prediction equations, Dairy cows, 58
Feeding level
Senepol bulls, Growth rates, 181
Fertilizer zinc
Yield response, Zn uptake, Wheat, 357
Fertilizers
Cropping sequences, Rice yield, 96
Insect pests, Pearl millet, 149
Finger millet
Multiple disease resistance, 293
Flax
Orobanche spp., Trap crop, 35
Flow dialysis technique
Ram semen preservation, 145
Flushing
Citrus, Root activity, 306
Fumigation
Endomycorrhizae, Mycorrhizal dependency, 279
Fungitoxic management
Ascochyta rabiei, 101

Gari
Cassava peel meal, Broilers, 273
Quality, Cassava variety, 386
Genetic variation
Heritability, Sugar-cane, 203
Germination
Acacia senegal, Presowing treatments, 15
Germplasm evaluation
Zea mays L., *Puccinia sorghi* Schw., 137
Ghana soils
Phosphorus requirements, Soybean, 315
Gibberellic acid
Sprouting, Yam tubers, 329
Gliricidia
Rhizobium, Nitrogen fixation, 381
Glomus versiforme
Sorghum bicolor, Crop rotation, 323
Goats
Tannin, Saponin, Browse, 176
Grass
Mulches, Dadap, 83
Green manure
Rainfed lowland rice, *Sesbania rostrata*, 73
Green manures
Rice yield, Residual effects, 133
Ground nut
Early leaf spot, Resistance, 284
Growth
Jute, Morphactin, 153
Growth curves
Buffalo, Weight estimation, 239
Growth rates
Senepol bulls, Feeding level, 181
Growth regulators
Shoot tip, Tissue culture, 268

Handling
Storage, Cowpea, 197
Heat tolerance
Nigeria, Zebu, 394
Heavy clay soil
Continuous cropping, Tillage/no tillage, 111
Heptachlor residues
Tuber/bulb crops, Post-harvest processes, 25
Heritability
Genetic variation, Sugar-cane, 203

Heterosis
Sesame, Yield component, 276
High rainfall
Production costs, Yam/maize intercrops, 171
Hot peppers
Post-harvest losses, Quality changes, 333

Internal seedborne fungi
Pigeon pea, Trinidad, 260
Irrigated wheat
Wheat straw yield, Double-cropping, 186

Jute
Morphactin, Growth, 153

Lesser yam
Planting density, Yield, 129
Local pig feeds
Imported pig feeds, Solomon Island, 141
Lucerne
Residual persistence, Insecticides, 157

Maiwa pearl millet
Nitrogen fertilization, cutting height, Semi-arid region, 11
Maize
Recurrent selection, Early maturity, 29
Manganese deficiency
Pollen fertility, Wheat, 21
Mango
Banana, Colour changes, 161
Milling quality
Rice, Storage conditions, 296
Mineral nutrition
Diagnostic Recommendation and Integrated System, Papaya, 63
Minisetts
White Guinea yam, *Dioscorea rotundata*, 78
Mode of mulch application
Runoff, Sediment, Nitrogen loss, 319
Modified atmosphere
Cooking banana, Storage, 263
Monoclonal antibody
Banana bunchy top virus, 397
Monogastrics
Nutritional value, *Sesbania grandiflora*, Ruminants, 223
Morphactin
Jute, Growth, 153
Mulches
Grass, Dadap, 83
Mulching
Shade crops, Cloves, 365
Nursery practices, Cloves, 374
Multiple disease resistance
Finger millet, 293
Mycorrhizal dependency
Endomycorrhizae, Fumigation, 279

Nigeria
Zebu, Heat tolerance, 394
Nitrogen
Essential-oil yield, Chamomile, 290
Nitrogen fertilization
Cutting height, Maiwa pearl millet, Semi-arid region, 11
Nitrogen fixation
Rhizobium, *Gliricidia*, 381
Nitrogen loss
Runoff, Sediment, Mode of mulch application, 319
Nursery practices
Mulching, cloves, 374
Nutrient uptake
Wheat, 391
Nutritional value
Sesbania grandiflora, Monogastrics, Ruminants, 223
